Close to midnight, something evil's lurking through the dark  
At the moonlight you see a sight that almost stops your heart  
You try to scream but terror takes the sound before you make it  
You start to freeze as someone looks you right between the eyes  
You're paralyzed

You know it's thriller, thriller night  
Fighting for your life inside a killer, thriller tonight

You hear the door slam and realize there's nowhere left to run  
You feel the cold hand and wonder if you'll ever see the sun  
You close your eyes and hope that this is just imagination  
But all the while you hear the creature creepin' up behind  
You're out of time

'Cause this is thriller, thriller night  
Ain't no second chance to kill the thing with forty eyes  
You know it's thriller, thriller night  
Fighting for your life inside a killer, thriller tonight
