Ban The Bomb

Wrap yourself in silver paper put a sandbag on your head

Crawl inside your fall-out shelter underneath your garden shed

Boil an egg, have a cuddle, cut your toe-nails, make the bed

Wrap yourself in silver paper put a sandbag on your head

Crawl inside your fall-out shelter underneath your garden shed

Boil an egg, have a cuddle, cut your toe-nails, make the bed

By the time this record's finished, everybody will be dead

Ban the bomb

Ban the bomb

Ban the bomb

Ban the bomb

For those that do not wish to die, raise up your voices to the sky

And sing away the missiles

Wash your smalls, feed the cactus, telephone your uncle Fred

By the time this record's finished everybody will be dead

Ban the bomb

Ban the bomb

Ban the bomb

Ban the bomb...
