Huffety Puff didn't love you enough
Was it nice and slow or a little bit rough?
Amazing me when you do your stuff
You're so kind and I'm so tough

when the race is run, and you lead the pack
Do the lap of honour all around the track
when your lap's done, and you stayed ahead
Do the lap of honour all around again

Twiddle-de-de that's how it ought to be
When I rock and roll in your company
I keep a beat but leave it free
gonna win a meddle if you meddle with me

when the race is run, and you lead the pack
Do the lap of honour all around the track
when your lap's done, and you stayed ahead
Do the lap of honour all around again

Bi-bi-de-bop I just can't stop
Do the polo hop go clippety-clop
You came in first and stayed on top
did the lap of honour till you have to drop

when the race is run, and you lead the pack
Do the lap of honour all around the track
when your lap's done, and you stayed ahead
Do the lap of honour all around again

Huffety Puff didn't love you enough
Was it nice and slow or a little bit rough?
Amazing me when you do your stuff
You're so kind and I'm so tough

when the race is run, and you lead the pack
Do a lap of honour all around the track
when your lap's done, and you stayed ahead
Do a lap of honour all around the bend
