If I just could scream and someone listen what I feel.  
Thought of life just as an end to the place we all  
descend.  
Rise beyond the closed gates  
For your blackened past with no tomorrow.  
Beyond what nightmares appear in your sleepless life of  
your subconscious  
When the line is crossed walking on the edge of what is  
fantasy.  
Awake in a dream that has become my life a nightmare  
without a sense.  
So the kiss of an angel becomes your last sin and the  
beast will show you the way.  
The unreal has invaded.  
Visions falling far from the sky.  
Damned voices that speak in my head.  
I will live in my dreams until you touch my soul of  
questions with no answers  
When the line is crossed walking on the edge of what is  
fantasy.  
Awake in a dream that has become my life: a  
nightmare...  
What is my fate and destiny

What do I deserve I am just an unfortunated man staring  
visions with my face on the water  
What is my fate and destiny  
What do I deserve  
I am just an unfortunated man staring visions with my  
face on the water  
If I just could scream and someone listen what I feel.  
Thought of life just as an end to the place we all  
descend.  
Rise beyond the closed gates For your blackened past  
with no tomorrow.  
Beyond what nightmares appear in your sleepless life of  
your subconscious  
Visions falling far from the sky  
Damned voices that speak in my head  
I will live in my dreams until you touch my soul of  
questions with no answers  
Like a painting we will vanish as a flower we will dry on

earth  
The sadness lives in the ones who live in it It could be  
jade,  
it could be gold you all will go...
