Look into the worl beyond
It's a sanctuary where no one goes
Be a part of yourself
So reach out the skies
Maybe one day
I'll know the truth
Tearing my life into our youth
Without fears we have to fly
Away from this world
There a worl behind reality
Walking through a golden path
It's the path of life creation
We hold deep inside
No one can reach it cause no one tries

Come and see the eternal light
Find yourself in your mind
To understand your sight
Deaceded deceiver or true believer
Another kind of false thought
Awaken to the final call
To reach it once more
Something chased by believers
Of the worlds worst deceivers
Let me tell you whats up there
Your sleeping mind forever there!
