Closed are my eyes  
Open is my soul  
There is a light  
Like a vision in a dream  
I feel the peace far away approaching to me  
I fly to a world unknown for my soul  
Rivers of saddnes flow over my eyes  
The screams of those who wait for their rise  
From skies into stars, from earth to the seas  
A new dream is born my illusions were killed  
Opened are my eyes  
But still there is this light  
It is comming to your mind  
Something forever I awake in my own dream  
All my fears unleashed in me  
The end is near but I must find  
An answer for the meaning of life  
Silence sorrouded by hate  
Millions of words behind  
Now in sorrow you will live  
The limits of darkness will shine  
All the nightmares that I have lived

Drain my heart in eternal pain  
For all who left me there  
The curse of the fire will burn before their eyes  
It's so cold where am I now  
There is nobody at my side  
You are so cruel you left me there  
I remember you so beautyfull  
I will miss you, you don't understand  
The power I am the one who'll live forever  
In your mind untill the end The limits of  
Fantasy Will remain for your thoughts  
But now this time you'll never  
Never see the light I will live,  
I will rise forever  
In this neverending dream  
We will die, we will cry together  
Awaiting for me to come again  
And you'll be awaiting the limits of  
Fantasy

Awaiting the light!  
Awaiting the night!  
Limits of Fantasy
