So counterfeit
It is all in your head
You're a prepster
Or a gangsta instead
You're a rock star,
A skater kid so emo... uh-uh oh

Make your mark
As a jock on the team
Scoring dollars, he's a computer geek
Oh what a poser
She's a prude and a freak
Just a zero but a hero

They tag us all and bag us up and make a something
out of nothing

I'm so scene but you're so see through
It's obscene but it's what we're into
Tired of all these stupid labels
Time for us to turn the tables now

Oblivious
It's all that you have
You're so boho,
A passing fad
You're a stoner
A social network whore
A total loser
And we're all keeping score

There goes the punk dude
That girl's such a snob
He is straight edge
And a playa, she's goth
You're a loner but popular
Such a nympho... uh-uh oh.

They tag us all and bag us up and make a something
out of
Nothing

I'm so scene but you're so see through
It's obscene but it's what we're into
Tired of all these stupid labels
Time for us to turn the tables now

I'm a mutt,
I'm all mixed up.
I'm a mutt,
So what?
Screwed up!

I'm a mutt,
I'm all mixed up.
I'm a mutt,
So what?
Screwed up!

I'm a mutt,
I'm all mixed up.
I'm a mutt,
So what?
Screwed up!

I'm a mutt,
I'm all mixed up.
I'm a mutt,
So what?
Screwed up!

I'm so scene but you're so see through
It's obscene but it's what we're into
Tired of all these stupid labels
Time for us to turn the tables now

I'm a mutt,
I'm all mixed up.
I'm a mutt,
So what?
Screwed up!

I'm a mutt,
I'm all mixed up.
I'm a mutt,
So what?
Screwed up!
