You are my hope
You are the fire, my truth
All of my life
All I desire is You

What a wonderful Savior
What a beautiful truth
What a glorious God and King
Let creation sing

Magnify Your holy name
To worship in Your presence
Is the reason I was made
Magnify Your holy name
Let the angels cry
And my soul reply, magnify

Heart of my heart
Song of my song, my King
All that I have
All that I am, I bring

What a wonderful Savior
What a beautiful truth
What a merciful mighty King
Let Your praises ring

Magnify Your holy name
To worship in Your presence
Is the reason I was made
Magnify Your holy name
Let the angels cry
And my soul reply, magnify, yeah

And I sing, holy, holy is Your name
Worthy, worthy to be praised
Holy, holy is Your name
Let the angels cry
And my soul reply

Magnify Your holy name
To worship in Your presence

Is the reason I was made
Magnify Your holy name
Let the angels cry
And my soul reply

Magnify Your holy name
To worship in Your presence
Is the reason I was made
Magnify Your holy name
Let the angels cry
And my soul reply

Holy, holy is Your name
Worthy, worthy to be praised
Holy, holy is Your name
Let the angels cry
And my soul reply

Holy, holy is Your name
Worthy, worthy to be praised
Holy, holy is Your name

And I sing, holy, holy is Your name
Worthy, worthy to be praised
