one, two, three, four,
one, two, three, four

Silently spoken, days of our lives
Rooms that are broken inside
I need your violence
Songs in the air
Call me 'til I don't care
You're a sight for sore eyes
Coldwater High, remember me
I'm the one who'll always be around
To pick up your lies
Coldwater High, remember me
I will be your slave forever

Millions of daydreams, lost in your hair
You call me but I'm never there
Crowded arenas, screaming for you
But there's only one dream
You're a sight for sore eyes
Coldwater High, remember me
I'm the one who'll always be around
To pick up your lies
Coldwater High, remember me
I will be your slave forever

Until the day my heart breaks down
'til the roof is caving in
And my ego hits the ground
And you're my ologist(?)
You're a sight for sore eyes
Coldwater High, remember me
I'm the one who'll always be around
To pick up your lies
Coldwater High, remember me
I will be your slave forever

You're a sight for sore eyes
Coldwater High, remember me
I'm the one who'll always be around
To pick up your lies
Coldwater High, remember me

I will be your slave forever
