Hunter

Alright!

Well, can anybody help me?
Can anybody help, yeah?
Can anybody help me?
Can anybody help?

Crept across the border, got a mobile home
Hurricane Katrina sunk me like a stone, yeah
Now I'm runnin' outta water, there's nothing left to eat
The kitchen's in the car and it's floating down the
street.

How's your house? How's your house?
How's your house? How's your house?
How's your house? How's your house?
How's your house? How's your house?

Alright!

Well, can anybody help me?
Can anybody help, yeah?
Can anybody help me?
I said, can anybody help?

Now the reason I believe in the good book still
If FEMA won't help me, I know the good book will
So if anybody asks you, how's your Mom and them?
Just tell 'em I was asking, where are you when you need
'em?

How's your house? How's your house?
How's your house? How's your house?
How's your house? How's your house?
How's your house? How's your house?

How's your house? How's your house?
How's your house? How's your house?
How's your house? How's your house?
How's your house? Take it, take it.
