Once upon a time
Somewhere in the back of my mind
I fell in love with you

But then
Everything went wrong
I couldn't even write a song
There was nothing to look forward to

I don't go out very much
I'm always home on my own
Baby, I was just too blind to see

I wanted to conquer the world
But the world had a mind of its own
Maybe I tried a little too hard
Maybe I pushed you away too far

Got a room in your heart for a lonely heart
Got a room in your heart for two
It might be nice
Living in a heart with you

So sing and all the world will shine
Somewhere in this nursery rhyme
A happy ending lies
For all the lovers with the lonely eyes

Easy come, easy go
This is just to let you know
Baby, I apologize

How could I turn away love?
How could I turn into stone?
How could I turn my back on you?

I wanted to be a success
But success ever leaves you alone
Maybe I tried a little too hard
Maybe I pushed you way too far

Got a room in your heart for a lonely heart

Got a room in your heart for two
It might be nice
Living in a heart with you

Living in a heart
Living in a heart
Living in a heart with you

Living in a heart
Living in a heart
Living in a heart with you

Living in a heart
Living in a heart
Living in a heart with you

Living in a heart
Living in a heart
Living in a heart with you

Living in a heart
Living in a heart
Living in a heart with you

Living in a heart
Living in a heart
Living in a heart with you

Living in a heart
Living in a heart
Living in a heart with you

Living in a heart
Living in a heart
Living in a heart with you

Living in a heart
Living in a heart
Living in a heart with you
