(ian hunter/mick ronson)

Do you remember truth-you used to tell it everyday  
Oh what a feelin'-there was nuthin' in the way  
I won't get excited- if you don't slash your wrists  
Oh oh oh-something is gravely amiss  
You gotta tell it like it is

Whats the matter baby- cat got your tongue?  
You bin creepin' 'round the alleyways-all night long  
You can't hide a secret-more than a week  
Oh oh oh- we gotta get to the bottom of this

You gotta tell it like it is

Hangin' on a corner- of the danger zone  
Just another nightmare- let me take you home

C'mon baby, c'mon baby

You've gotta tell it like it is...
