Well, I was born on the 3rd of June
Hard labor, Gemini moon
I was raised in a country town
The livin' dead were all puttin' me down

And my flesh and blood
My flesh and blood, they kicked me out
They never understood
That it's alright, it's alright, it's alright to be a loner now
It's alright, I say it's alright, it's alright to be a loner
It's alright, you know it's alright, oh babe, I'm a loner
now

Skin and bone, skin and bone
Lean lookin' won't you let me take you home?

How about it, girl?
How about ooh, little love 'til the money runs out?
How I say, we'll give 'em hell, girl, we'll give 'em hell
I ain't the kind that's gonna kiss and tell

I'm alright, I said I'm alright
No, no, I'm a loner now
It's alright, it's alright
Oh, babe, listen to me all about

(Turn out the lights)
Bring on the
(Bring on the night)
Ooh, I'm a loner, yeah

I got my bags, I got my boots
I got ma wits about me, I got my roots
I gotta guitar 40 years old
I'm gonna play it 'til the story's been told

You know we'll, we'll knock 'em dead girl, we'll knock
'em dead
So when you think o' me remember what I said
It's alright, girl, it's alright, girl
It's alright to be a loner now

It's alright, you know it's alright
Come on, come on, come on, come on, listen to the
loner, babe
(Tonight's the night I'm gonna strap you in tight)
Ooh, I'm the loner yeah
Yeah

It's alright, it's alright
It's alright, it's alright
It's alright, it's alright
(It's alright, ah, ah, ah listen to the loner)

It's alright, it's alright
(You know It's alright, no way I'm a loner, love me)
It's alright, it's alright
It's alright, it's alright
(Oh yeah)
It's alright, it's alright
