Make believe is my favourite way to play
Where down is up and left is right
And if I keep dreamin',
Yeah, they're all gonna' come true someday
And so I'll dream again tonight

Instead of all my stories floating away
They all come true-oo-oo
In an awesome dream
They all come true-oo-oo

How about you, who are you, and have you got
Something new for me to see
I love when stuff that couldn't happen, happens anyway
Close your eyes, it works for me

Across the universe and back in a day
They all come true-oo-oo
In an awesome dream
They all come true-oo-oo

In an awesome dream (x3)

(Dream, dream)
Hey!

They all come true-oo-oo
In an awesome dream
They all come true-oo-oo
In an awesome dream

They all just come true-oo-oo
In an awesome dream
They all come true-oo-oo
In an awesome dream
