Sequins in your wake find their way
'Cause someone left the lights on
And the noon, it is a powerful one

Sunshine was outside and I found
Something in the swing, here
An idea whose time had come

And now I give you my days
(All my days)
All my days
(All my days)

And now I give you my days
(All my days)
All my days
(All my days)

All my days
(All my days)
All my days
(All my days)

It broke open the door, flipping chairs
Tipping over tables
Reminded why I love this one

Go, trip down the lane, take my name
Flash bulbs probe eureka
Like an idea whose time had come

And now I give you my days
(All my days)
All my days
(All my days)

And now I give you my days
(All my days)
All my days
(All my days)

All my days

(All my days)
All my days
(All my days)

All my days
(All my days)
All my days
(All my days)

All my days
(All my days)

All of my days off
(All my days)
All of my days off
(All my days)

All of my days off
(All my days)
All of my days off
(All my days)

All of my days off
(All my days)
All of my days off
(All my days)

Sunshine was outside and I found
Something in the swing, here
An idea whose time had come

And thunderbolts will strike where they may
Like a drunken master
Like an idea whose time had come

And now I give you my days
(All my days)
All my days
(All my days)

And now I give you my days
(All my days)
All my days
(All my days)

All my days
(All my days)
All my days
(All my days)

All my days

(All my days)
All my days
(All my days)

All my days
(All my days)
All my days
(All my days)

All my days
(All my days)
All my days
(All my days)

And all of my days off
(All my days)
All of my days off
(All my days)

All of my days off
(All my days)
All of my days off
(All my days)

All of my days off
(All my days)
All of my days off
(All my days)

All of my days off
(All my days)
All of my days off
(All my days)

All of my days off
(All my days)

All my days, all my days
All my days, all my days
All my days, all my days
All my days, all my days
All my days
