I'm lookin' through a compromised solution  
Humble till I'm livin' like a slave  
Make a stand if there was somethin' I believe in  
But I can't relate, I can't relate

Stain my life, let me go on livin'  
Stain my eyes, let me see my way  
Stain my heart, let me be forgiven  
Free my mind

Searchin' for a soulful interaction  
Somethin' I can hold as my own  
But every time that I find somethin' I hold sacred  
My identity you strip from me, my heart, my soul

Stain my life, let me go on livin'  
Stain my eyes, let me see my way  
Stain my heart, let me be forgiven  
Free my mind

Stain my life, let me go on livin'  
Stain my eyes, let me see my way  
Stain my heart, let me be forgiven  
Free my mind

Stain my life, let me go on livin'  
Stain my eyes, let me see my way  
Stain my heart, let me be forgiven  
Free my mind
