[Verse]

Oh no!

Gotta live my life, all alone

Locked away in my circular home

The world outside, doesn't have a place

Thou people stir, I don't see a face

Gotta be alone, all on my own, leave me alone

[Verse]

I'm ready to blow, I've gotta pain, a curse in me

'bout as much as I can take, I'm ready to explode

The pressure's piling up on me, I've got no-where to go

Faces stiring back at me, pray tell, it is not so... oh no!

[Chorus]

I look around an' I can't, help they way I feel towards
them

Inside my head the pain it, makes me mad

My mind's exploding... my mind's exploding

(As strangers walk by)

[Verse]

Anxiety grows, into a rage internally

It happens everytime, as strangers walk by

It starts in close proximity, with contact eye to eye

A disease inherent born in me

'Til the day I die...'til the day I die

[Ad-libs]

'Til the day I die, as strangers walk on by

Inside my head, there's a pain that makes me mad

My mind's exploding, there's a curse deep inside of me

'Til the day I die
