[Verse]

See how we waste our enegy  
To protect our lives our primal instinct  
Insignificant ways... paramount  
There must be more than this  
It's like a reservoir of hate

[Bridge]

All indifference, signifies  
We're unprepared, for change  
No reluctance is, very rare  
When shall we walk, in one direction

[Chorus]

Change breeds contempt, and misery  
When you fight it, we're history  
Change breeds contempt, instinctively  
Have faith not, hostility

[Verse]

It's hard to reach society  
The methods they all praise, inspires complacency  
Is this why we're so afraid

[Repeat Bridge & Chorus]
