I don't like the system  
Too many kinks  
Hear lots of talkin'  
Nobody thinks  
Listen to the common man, he don't give a damn  
Just trying to make a living, the best that he can  
Harmony, what the whole world want  
Harmony, what the common people want  
Living, feeling, breathing, dancing  
Getting in some deep romancing  
I don't like the system  
It takes you so far  
Big business watching  
Wherever you are  
In Russia, in China there are people just like us  
Tired of propaganda, tired of all the fuss  
Harmony, what the whole world want

Harmony, what the common people want  
Living, feeling, breathing, dancing  
Getting in some deep romancing  
Harmony, what the whole world want  
Harmony, what the common people want  
Harmony, what the whole world want  
Harmony, what the common people want  
Living, feeling, breathing, dancing  
Getting in some deep romancing  
That's what the whole world wants  
Mmmmm harmony  
Living, feeling, breathing, dancing  
Getting in some deep romancing  
Mmmm what the whole world want  
Harmony
