

Burlap To Cashmere "Closer To The Edge"

Visit "[Closer To The Edge](#)" on MotoLyrics.com

Should have known it was all elementary
Lift my head and bow to the beat
Close your eyes and love is all around you
The distant wave of a sea
Closer to the edge I found
I was standing in the second round
I was laughing but I didn't make a sound
Now I'm flying with my feet on the ground
Hold me close you know that you have to
Tie me up pin my down
'Cause I won't fly in a broken wing dimension
You change the chord and the sound
Closer to the edge I found
I was standing in the second round
I was laughing but I didn't make a sound
Now I'm flying with my feet on the ground
(Repeat)
And me, I never had me a home
Never sleeping in a place with my own
I was crying but I didn't make a sound
Now I'm flying with my feet on the ground
