Your eyes see the shining city  
Your love heals the poisoned mind  
When the journey ends  
There's a new beginning  
When the risen man  
Heals the weight of time  
I can feel it over the line  
I see the other country  
I see the other side  
Do not be afraid of this earthly city  
Do not be afraid when the pharaohs nigh  
Draw near the lambs awaiting  
Where the river runs thru the sky's align  
From that painting of a ship  
We have all been chosen  
To the painters creation  
In his dream design  
I can feel it over the line  
I see the other country  
I see the other side  
Do not be afraid of this earthly city  
Do not be afraid when the pharaohs nigh  
When I was a child  
I walked like a child  
But now I'm a soldier  
Like the Bride and Groom I will be married  
I see the other country  
I see the other side  
Do not be afraid of this earthly city  
Do not be afraid when the pharaohs nigh  
Even though I walk thru the valley of the shadow of  
death  
Even though I sink through the ocean  
You will rescue me  
I am standing in the fire  
But I can hear the choir singing  
I was a blind man stumbling  
But now I see  
I was blind, blind blind  
But now I see  
I was blind, blind blind  
But now I see
