You Turn Me On
Ian Whitcomb

Come on now honey you know you really turn me on
Come on now honey you know you really turn me on
And when and when you do
uh huh huh huh uh uh That's my song

Come on now baby, come on and do the jerk with me
Come on now honey, come on and do the jerk with me
And if if you do
uh huh huh huh uh uh That's my song

(break)

Come on now baby you know you really turn me on Ah
Come on now honey you know you really turn me on Ah
yeah
And when and when you do
uh huh huh huh uh uh That's my song

Let's go!
