Hook [Lake]

Crush linen, ice, women
Stems, pimps, bubble Benzes
Seringes, Cartier lens'es
I'm not in the game, I'm in the business

[Lake]

I live for the rush, I love to thug
Niggas out for they double up, scuff 'em up
I'm stocky, rock Armani
Fleeces with the beefs and broccolis
Catch me at the lobby, dice game schemin'
Come with a demon and leave with five g's even
Even, blingin in the court room
In my beige, bubble goose snorkel
I'll extort you, in the pens
For your Kool G hat, and your blue Timbs
When I bid, I'm on it
Have your man singing love songs standing on top of
the toilet

[Lake]

La-ke, the K-I-D
Had the head detective Connely, following me
Black Gossi of Queens, nobody snitchin
Chillin in the cut, Crush Linen
Goodfella in it, drug sellin and shit
Caught a ??? on the fence, now they smellin my piss
But I Chardonay it, Kavosia it
Chop nice size point nine dimes and weigh 'em
Digitally, I literally
Changed the history of QB when I was eighteen
Now I lean in a cream BM
Listening to beats, sippin premium gin
Mobb style I don't smile in flicks
I pose whole and cocaine and four-fifths
Today the soldiers, stuck in trojans
On the V-I floors, my condolences

[Lake]

P-S-O-P, stress and greed

Sling packs in the grass as I run from D's

Chicks stretch my B with housing keys

I allow you to eat cuz ya feeding me

I empower the streets with Machevellism

I don't care what I tell none of these niggas

My tolerance, is like Solomon's

After seven years of locking out and locking in

Liver, fishshale, piss Cristal

And only shit hallal food and fish out

Avoid crowded places, out of town faces

Cops, and being in spots where I caught cases

My fortay, is chopping up yay

And stickin niggas for thick platinum big chains

I'm like Buggy and Bumpy

Cuz I run these streets and get money
