Sleepy boy  
Wish upon my eyelids  
Sleepy girl  
Dream about where you live  
Sleep i matter enough  
Sleep i dream of you enough

Come on you fairy come on  
Come on do me right

Dear fatigue  
Licking me forever

Sleep i matter enough  
Bring your wicked wing my way  
Sleep i matter enough  
For you to do me right  
Sleep i matter enough  
Bring your wicked wing my way  
Sleep i'll pay for you tonight  
For you to do me right

Sleep i dream of you enough  
Sleep i matter enough  
For you to do me right

Sleep i matter enough  
Come on you fairy come on  
Sleep i matter enough  
For you to do me right
