We're a couple of misfits

We're a couple of misfits

What's the matter with misfits

That's where we fit in!

We're not daffy and dilly

Don't go 'round willy nilly

Seems to us kinda silly

That we don't fit in.

We may be different from the rest

Who decides the test

Of what is really best?

We're a couple of misfits

We're a couple of misfits

What's the matter with misfits

That's where we fit in!

--(this part sung by Rudolph)--

Why am I such a misfit?

I am not just a nit wit!

I'm an adorable reindeer

Why don't I fit in?

--(this part sung by Hermey)--

Why am I such a misfit?

I am not just a nit wit!

They can't fire me.

I QUIT!

We may be different from the rest

Who decides the test

Of what is really best?

We're a couple of misfits

We're a couple of misfits

What's the matter with misfits

That's where we fit in!
