[Intro]

hey girl. theres somethin' thats been on my mind.
and i just want to let you know.
and that if its alright with you.
let me borrow a minute of your time.

listen.

lady. theres not a day that goes by.
that i dont think about your beautiful smile.
in my mind. both night and day. ha.
what im tryna say is. i wanna be your man.
but i dont want you to feel any pressure though.
in our last kiss. think about what i said.
and no matter what you said.
you'll always be in my heart..forever.

[verse 1]

hey girl how you doing.
may i talk to you for a minute.
i dont mean to bother you.
but i must confess to you.
this love that i have for you.
it all started as one simple crush.
but i knew in time that soon i would be another victim of
love.
and if one day you should feel the same.
baby ill be here to stay.
ill be here for you lady.
i will be waiting for you

[chorus]

this is more then a crush.
baby im falling in love.
and its a feeling for you.
oh girl i dont know what to do.
and if one day you could see.
how special you are to me.
im praying soon you'll be mine.
but until the time ill be waiting for you.

[verse 2]

now i know its gonna take some time.

for you to understand.
but girl take all the time you need.
cause im an understanding man.
and ill always be here for you.
through all the thick and thin.
no matter what decision you make.
girl ill always be a friend.
theres no pressure from me.
girl ill always. baby please see me through.
but until your ready. i will be waiting.
til the day i finally say i love you.

[chorus]

this is more then a crush.
baby im falling in love.
and its a feeling for you.
oh girl i dont know what to do.
and if one day you could see.
how special you are to me.
im praying soon you'll be mine.
but until the time ill be waiting for you.

[bridge]

im hoping you'll see.
that you are the only one for me.
your smile. your eyes. your the reason why i love to live
life.
these are my feelings that i said.
and i hope that soon it'll come true one day.
but until then i will be waiting for you.

[outro]

lady i know you know how i feel about you.
and i also know we know each other better.
but if you just take your time.
and try to understand.
maybe something special will happen.
and like i said before. no matter what you say i do.
you'll always be in my heart... forever.
ill never leave your side.
i was hoping thats theres a possibility.
to one day give our love another chance.
until that day. i just want you to know.
i'll be waiting
