When I feel so alone,  
I'm so inspired by,

When all my faith is gone,  
I'm so inspired by,

When there's no sense of going on,  
I'm so inspired by you.  
I'm so inspired by you.  
I'm so inspired by you.

From a distance, beyond and far, I write this song,  
So inspired by,

All my hopes and all my dreams, you've given me,  
So inspired by you.

When I feel so alone, I'm so inspired by,  
When all my faith is gone, I'm so inspired by,  
When there's no sense of going on, I'm so inspired by  
you.
