(Verse 1)

Time and time again we go through these days,
When we leave each other 'lone,
We never wanted to end up this way,
It's something we can't control.

How can we make the most of what we have,
Before we go our separate ways?
Tonight's you're night your wish is my command.
Would you still be strong? Would you stay? Don't say
no.

(Chorus)

If we were to be apart would you hold on?
Or would you up and let this thing go?
And if a million miles would be between us now,
Would you still be strong? Would you stay? Don't say
no.

(Verse 2)

Heaven knows how much I dream of you each night.
Want you here right next to me.
Wishing for the day you'll be my wife,
And we can build a family.

Call me anytime in any situation,
Whenever you need a friend.
I'll sacrifice my time, meet your expectations.
Would you still be strong? Would you stay? Don't say
no.

(Chorus)

(Bridge)

You can put all your worries aside.
I'll be here for you for all time.
I just want to be sure that you feel the same for me.
Don't say no.

(Chorus out) x 2
