As I watched you leave
I felt a seed, but decided not to cry
I wandered why, you said "Goodbye"
I keep the pain inside
BRIDGE:
I can't believe you turned and walked away
Left me all alone up in the rain
Everynight I lie awake and pray
That you will come back to me someday
CHORUS:
Can't get over you...
tata tee tata tee....
Can't get over you
Can't get over you
Though I want to
Get you off my mind

You needed change
And had to go
It's hard to carry on
BRIDGE:
I can't believe you turned and walked away
Left me all alone up in the rain
Everynite I lie awake and pray
That you will come back to me someday
CHORUS
Can't get over you
tata tee tata tee....
I just can't get over you
