Tell me now, I wonder
What is meant to be
Tell me that I'm over
The pain that I have seen

Give me every reason
To believe in something new
All my dreams depending
On what I ask of you

Chorus:
Stay
We will always be together
We will make another day
Stay
If you hold me close forever
It will never go away
Want you to stay

Don't you ever go away

I have been so lonely
I have been astray
Baby, you're the only
To take away this pain

Give me every reason
To believe in something new

All my dreams depending
On what I ask of you

Chorus

Break

Stay - don't you ever go away
Stay (Stay - whispering)

Give me every reason
To believe in something new
All my dreams depending

On what I ask of you

Stay
If you hold me close forever
It will never go away
Want you to stay

Stay (Whispering)
Don't you ever go away
Stay
