(Feat. ZHundred)

I know you're ready
But you just holding now
So move your body slow
I can give you what you want
I know we just met
But I'm tired of chasing
Wish that we stand by
Let's get in on and on tonight
I'm talking real love making
But without the love ... the I know you're
And I know you want it by the way you look around
I'm the one hwo fuck you right and not to ... fingers
My represint it's impeccable ...
One minute I'm in game next minute I'm ...
And I know we bouth ..we stop running
In every minute ... that pussy
....
That's way every memore...
...
But you just holding down, from what your body want
I give you what you want
I know we just met
But I'm tired of chasing
Wish that we stand by
Let's get in on and on tonight
When I get high my mind it's ...
...
From now I'mma saythat you are ... nigga
..But keep it on the low cause bitches are real slow
Tell me where you go and I am on my way
..
Number one you wanna play ... I can play without ...like
a run away
I better teach you a couple of things
But you just holding down, from what your body want
I give you what you want
I know we just met
But I'm tired of chasing
Wish that we stand by
Let's get in on and on tonight

You might stop faking
i 'aint got no time to be wait for you
Juste let me go and let me get the rtro
It's the experience see the way you go
Baby you 'aint got a ..
We just try to have fun
We can take it to a another level
But you just holding down, from what your body want
I give you what you want
I know we just met
But I'm tired of chasing
Wish that we stand by
Let's get in on and on tonight
You know babay , fack you with the shoes on
