But fuck it, that's what it is
Roll so perfect, shit nobody it's perfect
Only damn perfect in this situation it's the blood
You feel me ?
That's the only damn perfect in this situation right now

Maybe I can't lay you how he do
But I can be a man, and be real and tell you I wanna
dream
I'm telling you what you want to hear
Then up doing you wrong
Leave you in the ...
So brake down ,wile I make you a drink
I know this shit that I say kind of making you think

...
..no, no baby
Just let it wander a bit
And if we got to take it public
...
But for now we just ...talking shits..stariting fucking with
me

...
An usualy I won't say this but we can be together ... so
we can see the weather
We never seeing snow, we gonna see a lot but you
never see ...
I just wanna smoke ... like never before
I see you own the Rihanna shit like you're Marilyn
Monroe
...so I carry that for

...
I swer I'm letting it go
I swer I'm letting it go
I swer I'm letting it go
Let me get it back

...
For no reason
...with empty bars
No bitches worry about ...
...I hear the last name ...and she's broken from my
cousin

He just try to play crazy ..fell in love with a stripper
Cause she just try to get pay
She won't lie with his shit
...
And do it for some dollars
..real bitches , you feel me ?
Even if you won't do it dirty I suposse to kill
...
It is what it is ...making nigga go hard
The smoke, the smoke
Fuck, fuck
