Everythang's fucked up  
Everythang's 'bout to buck me shit out of luck  
Go to school  
The teacher want to fuck the students  
Go to church  
My preacher turn to prostitution  
The prosecution never read my files  
That evil ass judge fell asleep at my trial  
Chickens getting sick as the cows  
Birds falling out the sky, fish dying in piles  
Politicians smell like my balls  
Talking that shit will he cripple my styles  
I got many  
Now I'm pinching pennies, no doubt  
I squeeze Lincoln so hard  
A fucking booger came out  
It's a shame  
I used to be on top on my game  
They took the shirt off my back, and replaced it with  
chains  
I met Mr. Lee Harvey, from the "Tea Party"  
He used to hate Obama 'till he felt Hurricane Charlie  
Looking for his FEMA Check  
It's gone with the wind  
When them dicks is in  
You know the fix is in  
For my birthday, buy me a politician  
It's a shame that you got to dish your children  
Everythang's fucked up  
Everythang's bout' to buck me shit out of luck  
Everythang's a scam  
Beat the next man, that's capitalism  
They'll just, built a new prison  
For your slick ass niggas  
That's trying to beat the system  
Put you on the front line  
If you ain't re-enlist in this  
It's hot, in hells kitchen  
Get ready, for the lynching brainwash media  
And puppet politician  
Keep out of position

Out of commission  
Buy, medicine or food  
That's not a decision  
Is mad and trying to vent  
Police grab my fucking arm, then they got bent  
The interest on my credit card  
The U.S. Mint  
I heard they about to print  
But it's fucked up, cause I won't see a cent  
I'm sick of getting ignored  
This wall I can't afford  
I'm going to the pent  
Free room, free ward, bitch  
It's a wall of confusion  
My niggas stay losin'  
I know what ya' doin'  
My bitches be choosin'  
Them thugs be cruisin'  
They love what you doin'  
My niggas they losin'  
I know what ya' doin'  
My bitches be choosin'  
Them thugs be cruisin'
