Nigga, the mission's to get what you don't got  
The struggle, it don't stop until we drop  
Krayzie Bone an' Ice Cube

The best thing in life is life  
Get your mind right an' get your grind right  
We gotta keep goin', hey, young thugs  
We gotta keep goin'

Get your mind right an' get your grind right  
Hey, young thugs  
Get your mind right an' get your grind right

Look into my eyes if you wanna know me  
Before you hypnotized, homey, what do you see?  
A figure that's just a little bigger than dealers  
A hustler countin' figures, ain't pulled no triggers

Can you dig us? We be the ultimate lick  
We's the hitters that make the ultimate hits  
Kinda flossy, kinda bossy  
It's gotta be done my way, do what the, I say

Top of the pyramid, homey, what I tell you?  
If you leave this West Side umbrella, you hit the cellar  
Bring me my slippers, black robe an' my globe  
An' I could rule the world with my eyes closed

See the mission's to get what we don't got  
Until we filthy rich an' on top  
You betta go get it, it's yours  
Nigga, the mission's to get what you don't got  
The struggle, it don't stop until we drop

Krazyie Bone an' Ice Cube  
See the mission's to get what we don't got  
Until we filthy rich an' on top  
You betta go get it, it's yours  
Nigga, the mission's to get what you don't got  
The struggle, it don't stop until we drop

To all the little homies that's watchin' TV

I see you tryin' to be a O.G. like me  
Chasin' dreams, pullin' mo' schemes for wealth  
But the best thing in life is health, be yourself, playa

Television, it'll keep yo' ass wishin' forever  
You'll never get your life together  
Don't talk about death, I got too much life to live  
Too many orders to give, what it is? Showbiz

Taught you what a trick an' a hoe is  
Showed you what a '64 is  
Lord knows, 'In God We Trust'  
An' everybody in the world wanna be like us

See the mission's to get what we don't got  
Until we filthy rich an' on top  
You betta go get it, it's yours  
Nigga, the mission's to get what you don't got  
The struggle, it don't stop until we drop

Krazyie Bone an' Ice Cube  
See the mission's to get what we don't got  
Until we filthy rich an' on top  
You betta go get it, it's yours  
Nigga, the mission's to get what you don't got  
The struggle, it don't stop until we drop

To the kids of the world that's waitin' for wealth  
Waitin' for health, you better do for self  
Homey, that's yo' last cup  
Forget about the fast buck, boy, get yo' ass up

People use yo' brain to gain  
Do somethin' that ain't never been done an' we can  
spend hun's  
Wipe our ass with twenties, light our joints with ones  
Throw away the guns, have nothin' but fun

An' homey, we could do that  
Police have a fit, when yo' paper's legit  
We gotta get off the phone, we gotta teach our own  
Send yo' baby to school an' she'll come back grown

We got to talk to our grandmas  
An' she'll help us through them dark halls an' them  
pitfalls  
Everybody know we got the world to gain  
We got to stop the pain, Lord stop the rain

See the mission's to get what we don't got  
Until we filthy rich an' on top

You betta go get it, it's yours  
Nigga, the mission's to get what you don't got  
The struggle, it don't stop until we drop

Krazyie Bone an' Ice Cube  
See the mission's to get what we don't got  
Until we filthy rich an' on top  
You betta go get it, it's yours  
Nigga, the mission's to get what you don't got  
The struggle, it don't stop until we drop

Keep goin', little homey, why you slowin'?  
Keep rollin', little homey, why you slowin'?  
Keep rollin', little homey, why you slowin'?  
Keep rollin', rollin', rollin', rollin'

Hey, young thugs, the world is yours  
Hey, young thugs, the world is yours  
Hey, young thugs, the world is yours  
Yeah, young thug, the world is yours

Hey, young thugs, the world is yours  
Hey, young thugs, the world is yours  
Hey, young thugs, the world is yours  
Yeah, young thug, the world is yours

Hey, young thugs, the world is yours  
Hey, young thugs, the world is yours  
Hey, young thugs, the world is yours  
Yeah, young thug, the world is yours

Hey, young thugs, the world is yours  
Hey, young thugs, the world is yours  
Hey, young thugs, the world is yours  
Yeah, young thug, the world is yours
