Hey
You wit' da ass
You wit' da ass
Come here
What's up?

What's your name girl?
Who you come wit'?
I'm wit' Snoop Dogg
And my whole click

A nigga need a shot of that
And I know where they got it at
Damn girl, you gotta lotta that
Won't you let a real nigga go and holla back?

A nigga need a shot of that
And I know where they got it at
Damn girl, you gotta lotta that
Won't you let a real nigga go and holla back?

Look at you girl, light brown, ass round
Feel like a nigga chasin' down a rebound
It's bouncin' like a basketball, if you got no ass at all
Sorry girl but you won't make the casting call

Skinny bitches need to find that nutritionist
Shit that make yo' ass so thick and delicious
Is it the food or is it the water?
That make your daughter wanna show what momma
taught her

Come here, let me whisper in yo' ear
(Come here, what's up)
Tell ya all that bullshit that you wanna hear
(Let's fuck)
You probably hate my fuckin' guts in a year
But right about now, you like a nigga's style huh?

How I talk, how I smell, how I smile
How I think, how I fuck, how I grab
Fuck wit' me, ya get ya meat and ya vegetables

Fuck wit' him, ya get a fuckin' metro sexual

You want a man stronger than you
Not a motherfucker in the mirror longer than you
Break a nail and his punk ass lookin' for glue
You want a nigga wit' a hard dick lookin' at you

A nigga need a shot of that
And I know where they got it at
Damn girl, you gotta lotta that
Won't you let a real nigga go and holla back?

A nigga need a shot of that
And I know where they got it at
Damn girl, you gotta lotta that
Won't you let a real nigga go and holla back?

You came up in there lookin' all cute and stuff
You and yo' home girl, a pimp couldn't get enough
You talk that shit like you weren't up in there just to fuck
Well, guess what? Now bitch you wit' us!

Yeah have a sip, go take a puff
Go and spend another blunt, naw roll it up!
What yo' name? A nigga love how you came
You just in need of some game

And I got that good thang, yeah it's a West side hood
thing
Let ya party over day and hit ya wit' that ding-a-ling
I got that good shit, lollipop
(Lollipop)
And once I get up in ya, I make ya body rock
(Body rock)

A thick little bad bitch, walk wit' a switch
Now all you need now is some gangster dick
It's the Big Bow Wizzow, you know I'm on the pusszow
Doggy stizyle, that make ya kitty cat meow
(Meow!)

Dick deep, freak-a-leek, fuck some sleep
And don't tell me that I'm in too deep
Okay alright, West side baby girl, we do it all night
(Okay alright, fo' sho)

A nigga need a shot of that
And I know where they got it at
Damn girl, you gotta lotta that
Won't you let a real nigga go and holla back?

A nigga need a shot of that
And I know where they got it at
Damn girl, you gotta lotta that
Won't you let a real nigga go and holla back?

Do ya thing girl, fuck what they lookin' at
Shake it for me mami, work that pussycat
Do ya thing girl, fuck what they lookin' at
Shake it for me mami, work that pussycat

Put it on me girl, what the fuck you scared of?
We just in the club, actin' like we making love
I know you full of liquor, put it on my zipper
Drop it down now and throw it on a nigga

A nigga need a shot of that
And I know where they got it at
Damn girl, you gotta lotta that
Won't you let a real nigga go and holla back?

A nigga need a shot of that
And I know where they got it at
Damn girl, you gotta lotta that
Won't you let a real nigga go and holla back?
