Nigga, the mission's to get what you don't got
The struggle it don't stop, until we drop

Krayzie Bone and Ice Cube
The best thing in life in life is life
Get your mind right and get your grind right

(We gotta keep goin')
Hey, young thugs
(We gotta keep goin')
Get your mind right and get your grind right
Hey, young thugs
Get your mind right and get your grind right

Look into my eyes if you wanna know me
Before you hypnotized, homey, what do you see?
A figure that's just a little bigger than dealers
A hustler countin' figures, ain't pulled no triggers

Can you dig us? We be the ultimate lick
We's the hitters, that make the ultimate hits
Kinda flossey, kinda bossey
It's gotta be done my way, do what the fuck I say

Top of the pyramid, homey, what I tell you
If you leave this West side umbrella, you hit the cellar
Bring me my slippers, black robe and my globe
And I could rule the world with my eyes closed
(With my eyes closed)

See, the mission's to get what we don't got
Until we filthy rich and on top
You betta go get it, it's yours
Nigga, the mission's to get what you don't got
The struggle, it don't stop until we drop

Krazyie Bone and Ice Cube
See, the mission's to get what we don't got
Until we filthy rich and on top
You betta go get it, it's yours
Nigga, the mission's to get what you don't got
The struggle, it don't stop until we drop

To all the little homies that's watchin' TV
I see you tryin' to be a O.G. like me
Chasin' dreams, pullin' mo' schemes for wealth
But the best thing in life is health, be yourself playa

Television, it'll keep yo' ass wishin' forever
You'll never get you life together
Don't talk about death, I got too much life to live
Too many orders to give, what it is, showbiz?

Taught you what a trick and a hoe is
(What?)
Showed you what a sixty fo' is
(What?)
Lord knows, in God we trust
And everybody in the world wanna be like us
(Everybody)

See, the mission's to get what we don't got
Until we filthy rich and on top
You betta go get it, it's yours
Nigga, the mission's to get what you don't got
The struggle, it don't stop until we drop

Krazyie Bone and Ice Cube
See, the mission's to get what we don't got
Until we filthy rich and on top
You betta go get it, it's yours
Nigga, the mission's to get what you don't got
The struggle, it don't stop until we drop

To the kids of the world that's waitin' for wealth
Waitin' for health, you better do for self
Homey, that's yo' last cup
Forget about the fast buck, boy, get you ass up

People use yo' brain to gain
Do something that ain't never been done and we can
spend hun's
Wipe our ass with twenties, light our joints with ones
Throw away the guns, have nuttin' but fun

And homey we could do that shit
Police have a fit, when yo' paper's legit
We gotta get off the phone, we gotta teach our own
Send your baby to school and she'll come back grown

We got to talk to our grandma's
And she'll help us throughout them dark halls and them
pitfalls

Everybody know we got the world to gain
We got to stop the pain, Lord, stop the rain

See, the mission's to get what we don't got
Until we filthy rich and on top
You betta go get it, it's yours
Nigga, the mission's to get what you don't got
The struggle, it don't stop until we drop

Krazyie Bone and Ice Cube
See, the mission's to get what we don't got
Until we filthy rich and on top
You betta go get it, it's yours
Nigga, the mission's to get what you don't got
The struggle, it don't stop until we drop

Keep goin', little homey, why you slowin'?
Keep rollin', little homey, why you slowin'?
Keep rollin', little homey, why you slowin'?
Keep rollin', rollin', rollin', rollin'

Hey, young thugs, the world is yours
Hey, young thugs, the world is yours
Hey, young thugs, the world is yours
Yeah, young thug, the world is yours

Hey, young thugs, the world is yours
Hey, young thugs, the world is yours
Hey, young thugs, the world is yours
(Get your mind right and get your grind right)

Yeah, young thug, the world is yours
Hey, young thugs, the world is yours
(Ice Cube)
Hey, young thugs, the world is yours
(The best thing in life is life)

Hey, young thugs, the world is yours
(I got to say it twice)
Yeah, young thug, the world is yours
(The best thing in life is life)

Hey, young thugs, the world is yours
(Get your mind right and get your grind right)
Hey, young thugs, the world is yours
Hey, young thugs, the world is yours
Yeah, young thug, the world is yours
