Move move

Music for money

Move move, no bother delay
Move move, no bother delay
Move move, no bother delay
Music for money

Got to get, I got to get paid
Got to get, I got to get paid
Music for money

Me as a very young man growin up life wasn't easy
My mother an my father work to feed my big famliy
I go to di school to learn lessons that was no good to
pq
Beca now dat me is a man mi know di really
I search inside myself to find my ability
An the ability mi find is to make people hearty
Dis a di I to the to the cio you know who me be
Mi sidong on top a di rydim an cash in mi money

don't bother delay don't bother try play
Better go get your pay
Better you go an dig deep down
For something you can display
Money, money, money make money, money, money
Too many many people dem say
You are the only one that can
Cover your head on a rainy day
Make money hey ho hey, hear what I say
I hope you don't ignore this thing because
You have to make your way
don't get me wrong an lose your soul
For this no sum can bring it back whole
Better get ya shit together like Mars bar
Work, rest and play
