All I want from you is nothing but time  
The rest it doesn't matter  
It really doesn't matter  
All I need from you is nothing but time  
The rest it doesn't matter  
It really doesn't matter

You messed it up baby  
You messed it up big time  
You tried to tie me down against my will  
So you could feel fine  
See I'm never gonna front on anybody so  
I'll spill it out you give me the punani  
I'll definitely kill it  
But no I'm not your man I'm sorry  
That's just how it is  
I got my own shit to do I got to look after my biz  
You better getta better fella bella that's what I figure  
Cause no-way ya gonna tie down his little nigga

All I need from you is nothing but time  
The rest is torn and shattered  
But it really doesn't matter  
Cause as long as there is love  
Between a woman and a man  
It seems the rest it doesn't matter  
It really doesn't matter

All I need from you is nothing but time  
Nothing but time...

All you want from me is nothing but time  
But if I give it to you, you will say the same line  
I'll be a better woman an' I'll give you ya space  
But saying that just clarifies that the truth ya can't face  
'Cause you ain't gonna change, you ain't gonna change  
That's like Prince Charles with dreadlocks  
Would look kinda strange You asking for time  
Ya better look at your clock an wake up  
Because foolishness sometime has gotta stop

Ya fell on ya knee

Begging me please to come back to you  
And make nuff baby's  
An' put you at ease but there's other ladies  
Who would trust in my love make me catch little breeze  
It's over my darling cas done spells done  
Ya better get yourself together and go look another  
one  
Because my minds made up go on  
You can yet it get it girl  
You don't need nothing but time
