Well I'm taking time to realize  
I'm making myself sick  
With every pill that fills me inside  
It makes it hard for me to quit  
It's not like I want to be a slave to something  
But somethings got me and now I can't stop  
Burning out  
I'm a lost cause  
And I might not be here tomorrow

So call the cops  
And tell them to lock me away  
I'm sick and dying in vain  
In there I can't hurt myself anymore  
But I don't feel guilty cause we all make mistakes  
And I'll just learn on the way  
And maybe tomorrow  
I'll be give this all up  
But tonight I'm begging you for more

Cause all I wanted was a future  
That I could call my own  
But it isn't easy not to need this  
And just let it go  
You gotta believe me  
I can't stop

Right Now I couldn't care less if this shit fucking kills  
me  
Don't Save; Drown me  
God is dead I'm buried by his side  
This Ain't Temporary now

So I take a moment  
And I let these pills sink in  
Now I know I shouldn't be happy  
But these chemicals let me pretend  
Cause I've tried so hard  
To give it up  
But I give in to demons  
Just give me a reason to stop  
Cause I want more

My destiny has forgot me

So call the cops  
Tell them to lock me away  
And if I die  
Then hide my body  
But tell everyone I'm fine  
Are we so perfect that we can't make mistakes  
I want to learn on the way  
I promise tomorrow I'll give it up

So come on  
Give me that chemical contact  
Oh yea you make me feel so good  
I got an itch you can scratch  
So just kill me now  
And End This War
