There was a time it seemed so long ago...  
The world was painted gold,  
Before the hope began to corrode.  
And all the people awoke to the cold,  
That they had let the evil grow.

And then came the masses,  
We questioned the presence of god.  
Can anyone hear us?  
These cries, these screams, will these footsteps be our  
last! ?

So they let us die the hate behind the smiles- it took  
them by surprise,  
And the silence left us hanging while we lit up like the  
4th of July!  
If ignorance is peace pretend we didn't say never  
again,  
And let forever belong to the dead...

The time is now!  
This chance could be your soul redemption,  
Or these tombs will bear your denial, deception, and  
tragedy!  
One that you'll help build when you let us burn,  
Biting off your nails won't heal the scratches on your  
eyes!

So they let us die the hate behind the smiles- it took  
them by surprise,  
And the silence left us hanging while we lit up like the  
4th of July!  
If ignorance is peace pretend we didn't say never  
again,  
And let forever belong to the dead...

And there is no excuse...  
There is no lie big enough to hide behind,  
That blinding lights struck the people divided.  
What were they waiting for?

Our time is NOW!

So they let us die the hate behind the smiles- took the  
by surprise,  
And the silence left us hanging while we lit up like the  
4th of July!  
If ignorance is peace pretend we didn't say never  
again.  
And let forever belong to the dead...

Our time is NOW!
