The wind turns like a dagger  
The rain falls like a hammer  
The sky has grown dark  
But it's not too late

The weather crashes down  
What's lost cannot be found  
The night is closing  
But it's not too late

It's not too late  
It's not too late  
It's not too late  
It's not too late  
The atmosphere is lethal  
But I will fear no evil

The ocean rolls like thunder  
The tempest pulls us under  
The dogs are howling  
But it's not too late

As broken structures rust  
False idols turn to dust  
All lies in ashes  
And it's not too late

It's not too late  
It's not too late  
It's not too late  
It's not too late  
The atmosphere is lethal  
But I will fear no evil

In the dark before the dawn  
The echo of the siren's song  
Dies away like a ghost  
As the day breaks

It's not too late  
It's not too late  
It's not too late

It's not too late  
The atmosphere is lethal  
But I will fear no evil
