No love at all
I get no love at all
You say you love me
But I get no love at all

Outside my window
The rain's poring down
Just like my teardrops
Now you're not around

You say you love me
But do you really care
Another night I need you so
And you're nowhere near

No love at all
I get no love at all
You say you love me
But I get no love at all

You hold my hand
And you're kind as you can be
But that's where it ends
When it comes to lovin' me

You say that nothing's wrong
But you know that ain't right
Baby where's that feeling
Oh, won't you hold me tight

No love at all
I get no love at all
You say you love me
But I get no love at all

We used to be close to each other
What happened to the way you used to care
Why can't I see the side of you
That loves me anymore?
Is it still there?

No love at all
I get no love at all
You say you love me
But I get no love at all
