

Ice-T "First Impression"

Upon initial contact with Ice-T's music,
I had envisioned him to be an ill-
Mannered and psychologically
Unstable man with an extremely
Uneducated and barbaric
Frame of mind, whose raps displayed
Nothing but ridiculous jaargon,
Shocking sexual audacity and
Repulsive images of the ghetto.
However, after further analysis of
His music I can deduce
That he is the epitome of

Antidiseestablishmentarianism who
Embodies the entire spectrum of the
Urban experience and struggle.
But to make things more plain and
Simple to the lyman, I find Ice-T to be
The dopest, flyist, O.G. pimp hustler
Gangster player hardcore
Motherfucker living today.

To be honest I'm totally and
Irrevocably on his dick
