*[Ice-T]*

Coolin in my crib, cold video dubbin  
FBI wanted? Huh, don't mean nuttin  
They call that shit a crime? Yo that shit's a joke  
Hit record on my dope remote  
I heard my phone ringin, I wonder who could it be  
It was the E, the V, yes the I-L E  
He said, "We got static - word, I just got out  
Punks tried to move at the club and we shot out  
Bullets everywhere," Okay what's the prob?  
"Ink got popped, he's dead as a doorknob."  
You bullshittin! "I ain't fuckin around.  
The posse's rollin tonight, nigga are you down?"  
I grabbed my AK, my 16, and my baby Mac  
Strapped on my vest, and threw the 9 in the small of  
my back  
I said - Chill, don't let nobody move without me  
Say you know where they are?  
He said, "I know where they be"  
Let's peel their caps back  
Let's peel their caps back

Twelve o'clock midnight, posse was airtight  
Twenty-five cars, under the streetlights  
Some people talked, while others cried  
Ink was a brother, who shouldn't have died  
Then the silence broke, Ice what's it gonna be?  
38 hard brothers stood and stared at me  
There were only two words that I had to say  
P-A-Y, B-A-C-K  
The car's loaded with a silence that could rape the  
dead  
Pistols clipped as the chamber's loaded full of lead  
Everyone in the crew knew what I said  
would mean by morning, somebody else soon would  
be dead  
Let's peel their caps back

The cars at the corner like a long black snake  
Nightprowlin for a life to take  
Ya see down in the ghetto it's an eye for an eye  
That's the answer to the question why

In my throat, there's a lump, then I swallow it, I ain't no  
chump  
Face of Death, then I cocked my pump  
I'm a nigga on the trigger, madder than a pitbull  
Just layin for a reason to pull  
on you, any duck motherfucker that gets in my way  
I'm insane, and my homeboy's death made me this  
way  
But then we spot him, Evil E shot him  
Dead in the face, made sure that he got him  
Others ran, but no mercy to the posse's wrath  
Automatic Uzi motherfuckin bloodbath  
Let's peel their caps back  
Let's peel their caps back  
Let's peel their caps back

Then all of a sudden, a bullet came through my eye  
My dome exploded and I felt my other brothers die  
I drink my blood as I fell like shit into the street  
My corpse stunk like a burnt out rotten piece of meat  
Ten brothers died in this stupid homicidal binge  
Cause whenever someone dies, nobody wins  
But this drama, you'll never hear a word of  
cause all the paper's gonna read is a gang murder  
Gang murder
