For all my ride or die bitches who holdin a nigga down
cuz dey behind bars
If I don't even know you I fuck wit you cuz you'se a real
bitch

[Verse 1]

And I'm thinking bout tha time dat I 1st hit it
When yu was still going thru it with your 1st nigga
And your exact words was bae man I'm fed up
And I told you fuck him just keep your head up
Dis for all my down bitches dats ride or die
Who still with dey nigga, still seeing eye 2 eye
Even though he fucked up and he probably lied
You still by his side
Cuz you learned how to swallow pride
Yea, you still got the title as wifey
He probably run the streets but he sleepin wit you
nightly
And everybody know you # 1
So dere aint no sense of trippin
Cuz wateva happen done
And I don't think about it cuz I'm busy havin fun
And you blow a nigga high wen you go to actin up
Shit and when I say dis I aint shooting for stars
4real fuck the past the future is ours

[Chorus]

You & me, we can make it last
You & me, must 4get tha past

[Verse 2]

Let me get it back

We done fought so many times, I forgot times
So many times havin fun, I 4got some
And sometimes we beef wen we get drunk
Den fcuk all night long wen we get done
Dis one goin out to the hoe who hold ha nigga down
He locked up yea but still dats her nigga now
G code she come thru every viso
She get pictures of others hoes and she send those
She hit stores wen dat commissary get low
A few time she even snuck in some indo
And it's sad cuz she reala than his homeboys
Matter of fact they don't even answer the phone for him
So I'm sayin you my mothafuckin niqqa
Even if I aint neva meet you girl I fucks wiht you
And tell yo nigga, Berg said keep his head high
He gotat a real bitch
Just keep the faith alive
Uh str8 up

[Chorus]
You & me, we can make it last
You & me, must 4get tha past
