(Music : Schaffer, Shawver / Lyrics : Schaffer)

And so we begin with another sun
The earth's enslaved with hypocrites
They lay their heads to rest at night
Say a little prayer and all is right
Christ it's nothing personal
You've got to see
They twist and turn your words
For their own needs
They're brainwashed puppets
The almighty crutch
Cowards of reality
And their dying love
Living life in total lies
Judging others
Believe that I say or burn in hell
Bow down your head
You won't feel so bad
Do as I say or burn in hell
Close your eyes, look deep inside
Master of the ignorant
Master of the lies
Judgement day is close at hand
Generate that blasphemy
Master of the damned
Lies
Now behind your reflection

Lies the one who knows the truth
Your conscience will condemn you
On judgement day you'll lose
It seems very odd to me
How you sin and feel so free
And all you have to do is say
Forgive me ... I believe
Lies, foolish lies
Behind your brainwashed eyes
Lies, foolish lies
Behind your brainwashed eyes
Judge me not my shallow friend
Lest ye be judged yourself
You abuse the words you preach

You mold them for yourself
Brainwashed hypocrisy
Justifies the life you lead
Forgive me father I have sinned
Lay my head to rest again
Living life in total lies
Judging others
Believe what I say or burn in hell
Trust in me, say yes I believe
Do it now or burn in hell
