Look unto the days of warning
A night that the sky is burning
When stars collide

Pure mathematical perfection
Ancient pain feeds resurrection
When stars collide

Forged in flames, sacred fire
Born in eastern sands in guile

Born is he, ten millennial
After the clouding of man
Sincerest veneration
For he that vindicates the end of man

Sworn are we, ten millennial
After the clouding of man
Unleash abomination
As we accelerate the end of man

Look unto the days of warning
A night that the sky is burning
When stars collide

Pure mathematical perfection
Ancient pain feeds resurrection
When stars collide

Forged in flames, sacred fire
Born in eastern sands in guile

Born is he, ten millennial
After the clouding of man
Sincerest veneration
For he that vindicates the end of man

Sworn are we, ten millennial
After the clouding of man
Unleash abomination
As we accelerate the end of man

Born is he, ten millennial
After the clouding of man
Sincerest veneration
For he that vindicates the end of man

Sworn are we, ten millennial
After the clouding of man
Unleash abomination
As we accelerate the end of man
