"Big Wheel"

Mmm, alright

Yeah, hot

Revolution in the city
Revolution in the street
When the circle is in motion
Then the circle is complete, yeah

I'm watching a big wheel
Inside of a big wheel
That's part of a big wheel
Turn it round
Turn it round

The sun is up there every morning
The moon is up there every night
Revolution keeps us growin' and
Could be yellow, red
Could be black or white

I'm watching a big wheel
Inside of a big wheel
That's part of a big wheel
Turn it round
I'm hooked on a big wheel
Stuck on a big wheel
In my mind there's a big wheel
Turn it round
Turn it round

Revolution in the city
Revolution in my mind

I'm watching a big wheel
Inside of a big wheel
That's part of a big wheel
Turn it round
I'm hooked on a big wheel
Stuck on a big wheel
In my mind there's a big wheel

Turn it round
Turn it round

Revolution

I'm watching a big wheel
Inside of a big wheel
In my mind there's a big wheel
Turn it round
Turn it round
Revolution in the city
Turnin' it around
Revolution in the city
Turn it round
Watching a big wheel
Turn it round
Watching a big wheel
Watching a big wheel

Big wheel
Big wheel
Big wheel
