Shine
With these angel eyes
Rushing on
Dance away the tears
When you get the feeling that I tell you
All you gotta do is let it take you
Dance on
Oh, dance on

Any time
Any place will do
Feeling good
Are you feeling blue?
I know the place you should be going
When you hear the sound of somethin' sayin'
Dance on
Oh, dance on

When you're lost in emotion
Losing everything
Oh yeah
Oh yeah
So nobody told you
You won't find it here
Oh yeah
Oh yeah

Shine
Yes I know you will
Oh shine on
Maybe who can tell
Oh it's so easy when you follow
Take a little time and blow the whistle
Dance on
Oh, dance on

Play it over and over
Play the same old song
Oh yeah
Oh yeah
Keep you dancing forever

When you're feeling down
Oh yeah
Oh yeah

Every day
Every night so long
Walking home through the falling rain
I know the only thing you need is
Always the one thing you can't have
So dance on
Oh dance on
Dance on
Oh dance on
Dance on
Oh dance on
Mmm, dance on
Oh dance on
