Secrets of lovers whisper tonight
Broken down angel
Got lost in the cold daylight
City is screaming, I look for your eyes

Someone to lean on through the night
Your music talks to me, hits me tonight
One candle burning, I hear you say

So let there be love
Let there be love, oh yeah
Love, let there be love, oh yeah

Heals and it hurts
She leads you to heaven's door
And leaves you for dirt

Someone to lean on, [Incomprehensible]
Some magic conquers me, lives in my soul
She comes like an ocean, I hear you sing
Love will conquer anything

Let there be love
Let there be love, oh yeah
Love, let there be love, oh yeah

The wall's down
(The wall's down)
Coming down
(Coming down)

I can't slow
(I can't slow)
I know it now
(I know it now)

So stay now
(Stay now)
Hold on
(Hold on)
And I'm praying
(Pray now)

So let there be love
Let there be love, oh yeah
Love, let there be love, oh yeah

I know what I want
I know what I feel
I know what I want

So let there be love
Let there be love
Love, oh, love
